

Conveyancing

Apart from choosing the right estate agent, choosing the right legal professional is equally important.

We can help guide you through all aspects of your sale and/or purchase and we are readily available by telephone, email and, of course, in person if you want to pop in and see us.

We enjoy good relationships with all the local estate agents and others with whom we have to deal and this can certainly help in keeping things on track.

We will make you aware of any potential problems, for example a major infrastructure project, that could have a long term impact on the property to which you are considering moving.

We will be happy to provide you with a free estimate of your costs which will include all the normal fees associated with the sale or purchase of a property. Estimates between firms can vary and we would advise that you always confirm what services and fees are included.

For more information or a free estimate and advice, please contact us on Freephone 0800 371219, email quote@thomasdunton.co.uk or visit our website.

Wills, Probate and Powers of Attorney

A will ensures that, on your death, your estate passes to those people whom you want to benefit. A solicitor will personally advise you on the preparation of your will to include tax planning, trusts and guardians for your children when appropriate.

We will prepare all the necessary papers to apply for a "Grant of Probate" or "Letters of Administration", collect any assets and distribute them according to the will or if there is no will, under the Rules of Intestacy.

A Lasting Power of Attorney (LPA), is a convenient and powerful legal document which gives legal authority to another person (an attorney), to make decisions, in your best interests, and take action regarding your financial affairs and/or future care.

We will be pleased to discuss and advise you about LPAs.

For more information, please contact us on 01689 822554. Email wills@thomasdunton.co.uk or visit our website.

Personal Injury

If you have suffered an injury, perhaps a road traffic accident, an accident at work or elsewhere, or if you have a work related disease, you may have a claim.

We offer you a free one hour first interview where we can assess your case, advise you if you have a valid claim and discuss funding options which include "No win, no fee".

With a personal injury, being able to meet your solicitor face to face is important. They are able to see your injuries first-hand and the effect they have on you as a person.

At Thomas Dunton we have the experience to recover compensation for clients whose injuries range from broken bones to brain injury.

As well as damages, compensation may cover rehabilitation, adaptations to your home, medical treatment and loss of pay.

We will ensure your claim is dealt with thoroughly and efficiently to provide the best possible outcome to get you back on track.
